**Item 5.03      Amendment to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

As previously reported on its Current Report on Form 8-K filed with the Securities and Exchange Commission on September 13, 2017, on September 13, 2017, the stockholders of Alliqua Biomedical, Inc. (the “Company”) approved at a special meeting of stockholders a proposal to authorize the board of directors of the Company (the “Board”), in its discretion but prior to the annual meeting of the Company’s stockholders in 2018, to amend the Company’s amended and restated certificate of incorporation (as amended) (the “Certificate of Incorporation”) to effect a reverse stock split of the Company’s common stock at a ratio in the range of 1-for-3 to 1-for-13, such ratio to be determined by the board of directors and included in a public announcement.

On October 2, 2017, the Board approved a 1-for-10 reverse stock split of the Company’s issued and outstanding shares of common stock (the “Reverse Stock Split”). On October 5, 2017, the Company filed with the Secretary of State of the State of Delaware a Certificate of Amendment to its Certificate of Incorporation (the “Certificate Amendment”) to effect the Reverse Stock Split. The Reverse Stock Split will become effective as of 5:00 p.m. Eastern Time on October 5, 2017, and the Company’s common stock will begin trading on a split-adjusted basis when the market opens on October 6, 2017.

When the Reverse Stock Split becomes effective, every 10 shares of the Company’s issued and outstanding common stock (and such shares held in treasury) will automatically be converted into one share of common stock, without any change in the par value per share. In addition, a proportionate adjustment will be made to the per share exercise price and the number of shares issuable upon the conversion of the Company’s outstanding equity awards, options and warrants to purchase shares of common stock and the number of shares reserved for issuance pursuant to the Company’s equity incentive compensation plans. Any fraction of a share of common stock that would otherwise have resulted from the Reverse Stock Split will be rounded up to the nearest whole share.

The Company’s common stock will continue to trade on the NASDAQ Capital Market under the symbol “ALQA.” The new CUSIP number for common stock following the Reverse Stock Split will be 019621309.

A copy of the Certificate Amendment is attached as Exhibit 3.1 hereto and incorporated herein by reference.

**Item 8.01      Other Events.**

On October 5, 2017, the Company issued a press release announcing the Reverse Stock Split. A copy of the press release is attached hereto as Exhibit 99.1, and is incorporated herein by reference.

**Alliqua BioMedical, Inc. Announces 1-for-10 Reverse Stock Split**  
*Shares of Common Stock Will Begin Trading on Split-Adjusted Basis on October 6, 2017*

YARDLEY, PA., October 5, 2017 (GLOBE NEWSWIRE) -- Alliqua BioMedical, Inc. (NASDAQ: ALQA) ("Alliqua or the "Company"), a regenerative technologies company committed to restoring tissue and rebuilding lives, today announced that the Company will effect a reverse stock split of its issued and outstanding common stock at an exchange ratio of 1-for-10, after the close of business on Thursday, October 5, 2017. The Company's common stock will begin trading on split-adjusted basis on Friday, October 6, 2017 under a new CUSIP number 019621309, and will remain listed on The Nasdaq Capital Market under the symbol "ALQA".

The reverse stock split was previously approved by Alliqua's stockholders at the Company's special meeting of stockholders on September 13, 2017. On October 2, 2017, the Company's Board of Directors approved the implementation of a reverse stock split and determined the appropriate reverse stock split to be a ratio of 1-for-10.

Upon the effectiveness of the reverse stock split, each ten shares of the Company's issued and outstanding common stock will be automatically combined and converted into one issued and outstanding share of common stock, par value \$0.001 per share. Proportional adjustments also will be made to the shares issuable in connection with the Company's outstanding stock options and warrants. As a result of the reverse stock split, there will be approximately 4.9 million shares of common stock outstanding.

The reverse stock split will affect all stockholders uniformly and will not alter any stockholder's percentage interest in the Company's equity, except to the extent that the reverse stock split would result in a stockholder owning a fractional share. Any fractional share of a stockholder resulting from the reverse stock split will be rounded up to the next whole number of shares.

Once the reverse stock split becomes effective, stockholders holding shares through a brokerage account will have their shares automatically adjusted to reflect the 1-for-10 reverse stock split. It is not necessary for shareholders holding shares of the Company's common stock in certificated form to exchange their existing stock certificates for new stock certificates of the Company in connection with the reverse stock split, although stockholders may do so if they wish. Stockholders should direct any questions concerning the reverse stock split to their broker or the Company's transfer agent, Action Stock Transfer Corporation, at (801) 274-1088.
